A HOME-PORT FOR US.

We are going to campaign religiously for the Port of Astoria. That may as well be understood first, as last. We won one fight against the imposition of what was deemed Portland's encroachment upon this particular right and we would be false to every doctrine of local enterprise and equity if we did not stand ungrudgingly and unremittably for this plan of our own. No Astorian has a shadow of right to antagonize this scheme, even by the way of "damning it with faint praise" or by a more significant silence. It is positively essential to every future maritime calculation we may make and will establish us on a sound footing for the prosecution of everything we need most.

The initiative does not take the matter beyond the purview of the municipal electorate; we do not have to submit the proposition to the authorities at Salem nor to the voters of State nor county; it is purely a city matter and will go before the people of Astoria as an amendment to the charter of Astoria.

The eight citizens in charge of the preliminaries are capable and reliable men, ambitious for the good of the community and when they shall be ready to pass the subject up to the voters, it will be in safe and unassailable shape and all that will then be necessary to do is to vote it solidly and let the commercial world, the government, and our neighbors, know that we are a unit for it. It is the first step to our own salvation and must be taken, else we convict ourselves completely of being a "dog in the manger." We will have fought off others from our harbor and will do nothing for it ourselves; a position we cannot occupy with any possible credit.

THE CHAMBER IN SHAPE.

The Astoria Chamber of Commerce is in full rig and regalia for the new year, with a rattling lot of committeemen in charge of the departmental work and lots of work on hand. It is like a giant refreshed and ready for battle, and while Astoria may have no avowed enemies who are likely to give battle, she must enter the lists of strife and competition as she has never done before, not even last year, and her champion, the Chamber is afoot and afield for the contest. The whole city is behind it, shoulder to shoulder and this is to be her banner year of achievement; therefore, let no man neglect his duty, but rally strongly and honestly to the engagement and win out good, and sure and for all time. And don't forget that the Astorian is an ally in the cause, whatever guise it may take.

ENGLAND'S ETERNAL ENEMY.

The Marquis of Londonderry has precipitated the "Irish Question" upon the British parliament in a manner that is likely to move the government to its quiescent core. He avers that the reign of the Irish League is more powerful, dominant and bitter than even in the dark days of the "Eighties" and that governmental cowardice is responsible for the condition.

WANTED FOR MURDER.

SAN FRANCISCO, Jan. 31.—

United States Marshal Elliott and several deputies have been searching San Francisco and contiguous cities and towns several days for Hernando Miguel, a rich Mexican planter who is wanted by the Mexican government on a charge of murder.

The federal officers traced the man to a house at 1038 Pacific street last night. Assistance was asked of the local police and Marshal Elliott and his own men surrounded the house, but when the officers entered Miguel was found to have made his escape.

Miguel, who in San Francisco is known as Manuel Martini, is charged with having killed another rich planter in Mexico during a feud. The Mexican government has shown more than ordinary interest in the case, and has sent an earnest request to the U. S. marshals office in San Francisco that the deputies do all in their power to capture the fugitive.

HIDDEN DANGERS.

Nature Gives Timely Warnings That No Astoria Citizen Can Afford to Ignore.

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently.

P. J. Ritchey, living on Seventh St., Hillsboro, Ore., says: "For a long time I suffered from an acute attack of kidney trouble. My kidneys were very irregular and secretions passing very frequently and were attended by severe pain. They were also very scanty and my bladder seemed to be very weak. I tried a number of remedies that were said to cure kidney trouble, but received no relief. At last I saw an advertisement of Doan's Kidney Pills, and procured a box. The pains left and as I continued to use them the trouble entirely vanished. I gradually grew better and now I am without a sign of kidney trouble. I recommend Doan's Kidney Pills at every opportunity."

Plenty more proof like this from Astoria people. Call at Charles Rogers & Son's drug store and ask what their customers report.

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

The Jumping Off Place.

"Consumption had me in its grasp; and I had almost reached the jumping off place when I was advised to try Dr. King's New Discovery; and I want to say right now, it saved my life. Improvement began with the first bottle, and after taking one dozen bottles I was a well and happy man again," says George Moore, of Grimesland, N. C. As a remedy for coughs and colds and healer of weak, sore lungs and for preventing pneumonia New Discovery is supreme. 50c and \$1.00 at Charles Rogers & Son, druggists. Trial bottle free.

SHIPS THAT PASS AT NIGHT.

PUNTA ARENAS, Jan. 31.—A telegram from Cape Virgins says that an American ship passed the cape at five o'clock yesterday afternoon.

The editor of the Memphis, Tenn., "Times", writes: "In my opinion Foley's Honey and Tar is the best remedy for coughs, colds and lung trouble, and to my own personal knowledge Foley's Honey and Tar has accomplished many permanent cures that have been little short of marvelous." Refuse any but the gen-

ICE CROP ALL RIGHT.

NEW YORK, Jan. 31.—An abundant supply of ice for the season of 1908 is expected by the American Ice Company, according to statements by officers of that corporation, the annual meeting of which was held in this city yesterday. It was stated that a larger surplus was on hand at present than the company had been able to carry over from the summer of 1906. Last year it began to cut ice on Jan. 27. It was approximately the same date this year when the cutting began, Tuesday, January 28. If cold weather continues for three weeks, officials stated, there would be no trouble in harvesting an ample quantity for next summer's needs.

ONE DEAD, FIVE INJURED.

LOS ANGELES, Jan. 31.—James Carter, conductor of a Brooklyn Ave. car of the Pacific Electric Company was instantly killed and five persons were injured, none fatally, shortly before one o'clock this morning when a section of a Salt Lake freight train struck the car at the Macy Street crossing. The train had been cut in two and the car had been given the signal to cross when it was struck. Carter was caught beneath the car when it was toppled over and crushed to death. The injured included the motorman, a freight brakeman and three passengers, all residents of Los Angeles.

This May Interest You

No one is immune from kidney trouble, so just remember that Foley's Kidney Cure will stop the irregularities and cure any case of kidney and bladder trouble that is not beyond the reach of medicine.
